

# Creams Course Notes

Cream consistency, filling, layering and storage basics

|                      |                                                  |
|----------------------|--------------------------------------------------|
| <b>Practice Type</b> | Cream batches                                    |
| <b>Level</b>         | Beginner friendly                                |
| <b>Main Outcome</b>  | Prepare stable creams for filling and decoration |

## Ingredient & Tools List

| Item            | Type          | Qty for 1 count | Wastage | Pack Size | Pack Price |
|-----------------|---------------|-----------------|---------|-----------|------------|
| Whipping Cream  | Ingredient    | 250 g           | 10%     | 1000 g    | Rs. 220    |
| Fresh Cream     | Ingredient    | 150 g           | 8%      | 1000 g    | Rs. 180    |
| Icing Sugar     | Ingredient    | 40 g            | 5%      | 1000 g    | Rs. 90     |
| Vanilla Essence | Ingredient    | 5 ml            | 0%      | 100 ml    | Rs. 70     |
| Mixing Bowl     | Reusable Tool | 1 pc            | 0%      | 1 pc      | Rs. 160    |

## Step-by-Step Practice Instructions

1. Chill bowl and cream if required.
2. Whip cream to the correct consistency.
3. Add sugar/flavour slowly.
4. Use for filling, layering or decoration.
5. Store cream properly and keep chilled.

## Pro Tips

- Stop whipping when stiff peaks form.
- Do not overwhip cream.
- Keep finished cream covered and chilled.

## Course Calculation Guide

|                         |                                                                                        |
|-------------------------|----------------------------------------------------------------------------------------|
| <b>Enter Count</b>      | Enter how many students, cakes, practice sets or batches you want to prepare.          |
| <b>Total Qty</b>        | Qty per count x Count.                                                                 |
| <b>Wastage %</b>        | Extra quantity added for mixing, sticking, spilling or practice loss.                  |
| <b>Final Buying Qty</b> | Total Qty + wastage. This is the quantity to arrange/buy.                              |
| <b>Cost Used</b>        | Final Buying Qty / Pack Size x Pack Price.                                             |
| <b>Optional Revenue</b> | Enter selling amount or course collection to see Profit = Revenue - Total Buying Cost. |

## Example Calculation for Customer

| Item           | For 1 count | For 2 counts | With wastage |
|----------------|-------------|--------------|--------------|
| Whipping Cream | 250 g       | 500 g        | 550 g        |

|                 |       |       |       |
|-----------------|-------|-------|-------|
| Fresh Cream     | 150 g | 300 g | 324 g |
| Icing Sugar     | 40 g  | 80 g  | 84 g  |
| Vanilla Essence | 5 ml  | 10 ml | 10 ml |
